

MEDICAL OFFICE MANAGEMENT

ASSOCIATE OF SCIENCE

Quarter Credit Hours Required = 96

Contact Hours Required = 1200

The Medical Office Management program is designed to prepare students for positions in the medical field, combining knowledge of automated medical office and patient contact. This program is designed to teach the student to work closely with doctors to organize and monitor patient care services. In addition, this program will focus on medical terminology, medical office procedures, and insurance billing.

Upon successful completion of this program, students should be able to

- function in a healthcare setting by providing clinical and administrative skills in a medical setting;
- prepare and maintain the examination treatment area under the supervision of a physician;
- manage a clinical office under minimal supervision;
- use computer technology and administrative skills in a healthcare environment;
- provide emergency care including Cardiopulmonary Resuscitation (CPR);
- provide the professional employer with strong computer and administrative skills leading to greater efficiency for the office, clinic, hospital, or other healthcare setting;
- describe relevant aspects of patient care, automated medical office administration, and insurance billing; and
- coordinate a successful job search.
