

PARALEGAL STUDIES

ASSOCIATE OF SCIENCE

Quarter Credit Hours Required = 96

Contact Hours Required = 1080

This program prepares the student for a career utilizing knowledge of legal office procedures, delivery of legal services, and legal research and writing. The program provides training in professional skills, general education, technical competencies, and research experience needed by students entering the paralegal field.

Upon successful completion of this program, students should be able to

- conduct client interviews and maintain contact with clients;
- conduct legal research and prepare legal documents using critical thinking;
- draft correspondence, pleadings, and other legal documents;
- assist in preparation of interrogatories and other documents related to litigation;
- assist an attorney in execution of wills, real estate closings, depositions, and preparation for court attendance;
- use computer technology in a legal environment;
- develop skills in selected general education curriculum, including communication and problem solving; and
- coordinate a successful job search.
