

HEALTHCARE REIMBURSEMENT

ASSOCIATE OF APPLIED SCIENCE

Quarter Credit Hours Required = 96

The Associate of Applied Science degree in Healthcare Reimbursement prepares students for positions in physician practices, medical offices, hospital business offices, insurance companies, healthcare consulting firms, and medical record departments. Students will receive specialized training in Current Procedural Terminology (CPT), International Classification of Diseases (ICD-9-CM), and the Healthcare Common Procedure Coding System (HCPCS) coding conventions. In addition to classroom experience, this program will also include an externship for on-the-job application of skills. Graduates or students who are currently in externship are eligible to sit for national certification examinations. Students typically register for the examination during their certification exam review class. Certification examinations are offered on campus.

Upon successful completion of this program, students should be able to

- discuss and be familiar with all HIPAA Compliance Policies and the importance of confidentiality when dealing with medical records;
- demonstrate the ability to utilize medical billing and coding software programs to expedite the reimbursement process;
- classify the various coding and billing information to avoid claims rejections;
- analyze accounting and financial data to be used in a healthcare environment;
- document strategies for successfully completing the major content areas of the National Certification Examination:
 - a. National Health Career Association (CBCS),
 - b. American Health Information Management Association (CCS),
 - c. American Academy of Professional Coders (CPC), and
 - d. National Center for Competency Testing (NCICS); and
- coordinate a successful job search.

FOUNDATION:

Quarter Credit Hours

AOM 1010	Keyboarding	4
EDU 1010	Learning Framework	4
EDU 1020	Career Exploration/Planning	4
Total Minimum Required Foundation Credits		12

AREA OF CONCENTRATION:

BIO 1120	Anatomy and Physiology: Body Structures	4
BIO 1130	Anatomy and Physiology: Organs and Systems	4
MBC 1010	Medical Coding: Current Procedural Terminology	4
MBC 1020	Medical Coding: International Classification of Diseases	4
MBC 1035	Intermediate Coding	4
MBC 1040	Advanced Coding	4
MBC 1800	Medical Billing and Reimbursement	4
MBC 2260	Advanced Medical Billing and Reimbursement	4
MBC 2500	Medical Billing and Coding Certification Review	2
MBC 2600	Medical Billing and Coding Externship	6
MED 1010	Medical Terminology	4
MED 1117	Microcomputer Fundamentals in Healthcare	4
MED 1140	Medical Law and Ethics	4
MED 1210	Pathophysiology	4
MED 1850	Medical Insurance Applications	4
Total Minimum Required Area of Concentration Credits		60
