

NETWORK MANAGEMENT *

BACHELOR OF SCIENCE

Quarter Credit Hours Required = 180

The Bachelor of Science program in Network Management prepares students for a technical career in the computer network field. This program is designed to provide learning experiences that prepare graduates with a solid background of practical training directly related to the computer service, network engineering, network administration, and network security job markets. Students tailor their curriculum to local market needs and individual interests through selection of electives leading to specialization in network management or network security. The program provides an advanced understanding of client/server computer concepts, with emphasis on the engineering practices used on modern networks. Students will learn to operate, install, configure, secure, troubleshoot, upgrade, and maintain PCs and complex networks. Students will obtain the skills necessary to provide high-end, solution-based technical support for a variety of inter- and intra-network situations.

Upon successful completion of this program, students should be able to

- prepare for a selection of eighteen professional networking and computer certifications: A+, Network+, Security+, CNA, CNE, Linux+, MCP, MCSA, MCSA+S, MCSE, MCSE+S, SCSA, SCNA,(Unix), CWNA, SCNS, SCNP, SCNA (security), and CCNA;
- connect local networks to the Internet using Novell, Microsoft, Linux, Unix, and/or Cisco solutions;
- provide basic and advanced network administration and engineering services;
- fine tune network servers for optimal performance and develop migration plans for upgrades of software;
- analyze security requirements for the LAN and WAN network users and systems;
- understand alternate operating systems and network management software; and
- demonstrate advanced competency levels in either network management or network security.

FOUNDATION:		Quarter Credit Hours
EDU 1010	Learning Framework	4
EDU 1020	Career Exploration/Planning	4
Total Minimum Required Foundation Credits		8

AREA OF CONCENTRATION:		
NET 1010	Operating Systems, Security, and Network Essentials	4
NET 1020	PC Components and Professionalism	4
NET 1030	I.T. Technician	4
NET 1040	I.T. Administrator	4
NET 1100	Networking Foundations	4
NET 1130	Network Technician	8
Total Minimum Required Area of Concentration Credits		28

AREA OF CONCENTRATION ELECTIVES:

A minimum of 88 credit hours are to be selected in consultation with the Program Director from approved network management courses completed at Virginia College or transferred from another accredited institution. At least 50 credit hours must be 3000- and 4000-level courses.

Total Minimum Area of Concentration Elective Credits 88

GENERAL EDUCATION:

These courses are to be selected in consultation with the Program Director so as to effectuate a balanced educational program. Select a total (minimum) of 56 credit hours as indicated below. At least 12 credit hours must be 3000- and 4000-level courses.

Communications	12
Humanities and Fine Arts	4
Mathematics	8
Social and Behavioral Sciences	8
Approved General Education Electives	24
Total Minimum Required General Education Credits	56

TOTAL MINIMUM QUARTER CREDIT HOURS REQUIRED 180

****Some courses within this program are only offered through online delivery.***
